Once you've entered the OB2 Parking Garage, go straight until you come to the sign shown below. Turn left, "Exit to I5" and "Visitor Parking."

Proceed straight, then curve to the right and go to the back corner of the garage, where you'll see a small loading dock and some parking spaces in front of it. (See photo below) Park here.

When you are leaving, exit to the right of this loading dock. Drive down the incline and turn right into the one-way tunnel that takes you to the light on Jefferson Street.
